

Ederheimer Stein Clothes

Young men's suits with plenty of grace and full of ginger—built in a way that grey-beards won't fancy and built in that fancy way because they're not meant for old folk. Wide-shouldered coats. Built-out chests and shapely waists. Full-pegged trousers with the new wide spring cuff at bottom. The shape that you find in 'em the first day will last to the last. It's permanent—tailored into the cloth—a matter of needle work—not pressing. They wear so much longer that they're by all odds the cheapest clothes when you divide the number of months through which they give satisfaction into the price you give for them.

Judge C. W. Morse came up from Salt Lake this morning to have matters in connection with the case of J. H. Kurtz, trustee, against the Ogden Canyon Sanitarium company and during the session of court made an order directing that the claim of Rudolph Kuchler, as receiver, be allowed in full. The final account of Receiver Kuchler was fully approved and the court directed that the certificate now outstanding in favor of Mr. Kuchler be paid in due course of business transactions.

Directly after these orders were made, Judge Morse adjourned court and spent the day in greeting old Ogden friends.

ORPHEUM AND GLOBE NOW UNDER ONE MANAGEMENT.

Progressive Motion Picture Company Reorganized and Capital Stock Increased to \$25,000.

The Progressive Motion Picture company has purchased the Globe theater on Washington avenue and will operate the same in conjunction with the Orpheum, which is owned by the same concern. The Progressive company was formerly known as the Twentieth Century Optiscopic company and later as the Twentieth Century Film company, the changes in name having been made in an effort to escape confusion with an eastern concern of a similar name whose reputation in the moving picture world had become somewhat tainted.

In making the last change the company was entirely reorganized, the capital stock being increased to \$25,000 and the following officers elected: Albert Scowcroft, president; Charles Ziemer, vice-president; W. W. Hodgkinson, secretary and general manager, and Harry Simms, treasurer.

CLAUDE MOYES' LEFT LEG AMPUTATED THURSDAY

Yesterday afternoon, after a consultation of surgeons, the left leg of Claude T. Moyes was amputated.

Doctors J. W. Paddock, E. I. Rich and H. B. Forbes in the afternoon amputated the left leg of Claude T. Moyes, about four inches below the knee. The operation was considered very successful. The patient, though in rather a weakened condition rallied well from the effects of the anesthesia and the shock of the operation.

A heroic effort was made to save the limb from amputation but serious conditions arose a few days ago that became so threatening as to cause the physicians to decide upon the amputation of the limb. It will be remembered that Mr. Moyes fell through the floor of the viaduct, across the railroad tracks, on Twenty-fourth street a short time ago, suffering the crushing of the bones in both feet. It is expected by the physicians that the young man will recover.
